

OLIC

A member of Fuji Pharma Group

Moving Together with **Trust**

Because Quality & Expertise are not built in one day

 <p>Diethelm Holding (Switzerland) acquired the pharmaceutical assets of Lepetit, the Thailand affiliate of Dow-Chemical. OLIC began operations under Diethelm Holding at Bangkok, Thailand.</p>	<p>1984</p>	<p>1997</p> <p>OLIC commissioned a new plant in Bangpa-In Industrial Estate, Ayutthaya, Thailand.</p> 
 <p>OLIC became a subsidiary of Fuji Pharma Co., Ltd.</p>	<p>2012</p>	<p>2017</p> <p>CHIYO, a new section of the parenteral facility in Thailand, started exporting parenteral products to Japan.</p> 
<p>OLIC transformed into a Contract Development and Innovation Manufacturing Organization (CDIMO).</p>	<p>2018</p>	<p>2020</p> <p>OLIC established branch office at Samyan Mitrtown in Bangkok.</p>
 <p>In the age of innovation and development, OLIC transform our legacy to a prosperous future, represented by the new company identity and logo, with the slogan "Moving Together with Trust"</p>	<p>2022</p>	<p>2023</p> <p>OLIC installed a Solar PV system and started to generate about 1,254 Megawatt of electricity per year, which is equivalent to reduction of greenhouse gas emissions 650 tons per year</p> 

About **OLIC**

OLIC (Thailand) Limited is one of the Largest Toll and Contract Manufacturers in Southeast Asia for Branded Pharmaceuticals and Healthcare Products.

Quality & International Standard

OLIC's CMO service has been trusted by over 30 world leading pharmaceutical firms and has manufactured more than 600 different products by proven reliability and impeccable quality standards with wide range of Expertise, Innovation, and Technological Advancement.

Variety of Expertise

We are able to support different demands from the client. We are offering a wide range of manufacturing expertise for formulation, dosage form and packing to provide the solutions being customized exclusively to suite the client's needs.

Reliability

We always deliver the products and services punctually and establish a stable supply chain system.

Innovation and Technological Advancement

We are leveraging the modern technologies and innovations to enhance the manufacturing process, to keep up with new requirements, to discover the unarticulated needs and to better our existing services.

Press Through Package (PTP) - Blisters,
Cold-Form Blisters
Bottles
Sachets
Drums
Strips

Blisters Pack
Bottles

Advance Solution Offerings

- High Potent Product Manufacturing (Hormone)
- Serialization and Aggregation Track and Trace System
- GS1 Coding and Verification
- Tracking Quality with eQMS
- LIMS for Laboratory
- Material Reconcile with High Standard Dispensing Software

Standard Guaranteed

Audited and Certified by Thai and International Regulatory Authorities

ISO 17025
ACCREDITED LABORATORY

PIC/S GMP | Thai FDA | PMDA | U.S. FDA | HSA | TGA | MFDS |
AEMPS | Russian FBI SIMP & GP | TFDA

ONE STOP SERVICE With Total Solution

Manufacturing

- High flexibility on the production capability
- Ability to produce various drug dosage forms and packaging
- Adoption of high standard facilities, technological machines, and production systems

Regulatory Support

- Product Registration
- Primary Assessment and Analysis
- Import and Production Permission
- Minor/Major variation
- Renewal Product License

Development

- New Formulation Development and Product Line Extensions
- Analytical Method Development
- Process Design & Optimization
- Lab Scale/Pilot Scale/Commercial Scale Trials

Analytical Services

- High quality standard accredited to ISO 17025
- Integration of LIMS and eQMS system in Laboratory, machines, and production system
- Analytical Method Validation
- Chemical and Microbial Testing
- ICH Stability Study Programs

Logistics & Supply Chain

- Separated Warehouse area for cold rooms, controlled rooms, and ambient rooms which are certified by GMP standard
- Sourcing and Procurement Services
- Planning and Scheduling for both materials and finished products using SAP system
- Import and Export Services

CDIMO

Proven Expertise & Customized Innovation

Contract | **Development** | **Innovation** | Manufacturing | Organization

Going beyond normal contract manufacturing OLIC as a **CDIMO**, we offer **Development services** to clients including formulation development and analytical method development throughout the product life cycle. In addition, we always seek for **Innovative technologies** and integrate them into our supply chain in order to deliver value added products and services to our clients.

An **OLIC** Philosophy is to "contribute to healthy living by supplying outstanding pharmaceuticals and healthcare products". To make a truly sustainable world is not a sole person's responsibility; instead, we "**Together**" are all responsible.

Moving Together with **Trust**
